Splendid folks, nifty hacks

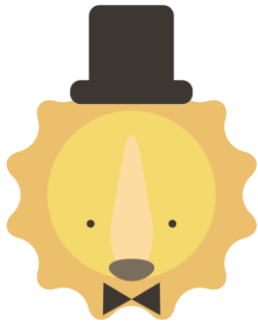

DandyHacks is a 36 hour hackathon centered on community building and fostering creativity. About 200 students will flock to Rochester to experience 3 days of code, solder, and swing.

Why Sponsor?

Universities around the nation are now dancing the hackathon hop. Wonderful shows of teamwork and talent combine to create out of this world projects. To sponsor DandyHacks is to promote the levels of camaraderie and wit necessary for a strong future generation of top developers and engineers. Your company will have firsthand access to work with and recruit this new wave of talent.

Suggestions to get the most out of sponsoring DandyHacks:

1. **Bring Mentors.** Mentors interact with participants at a personal level, helping them with company APIs or other technologies and increasing company rapport.
2. **Hardware.** If your company boasts gee-whiz gadgetry, have our helpful hackers field test your technology for handy feedback and stellar applications.
3. **Food & Transport.** Help our participants come to DandyHacks so they can interact with your company. Filling their bellies with scrumptious meals is a sure-fire way to leave a good impression.
4. **Send Swag.** T-shirts or the more weather appropriate knitted sweaters and mittens, laptop stickers, water bottles, and other paraphernalia for participants to adorn their bodies/belongings with are a swell way to create company brand recognition.
